

# ATHLETE REGISTRATION COVER LETTER

**Dear Special Olympics Athletes, Parents, and Guardians:**

Through the power of sports, our athletes find joy, confidence and fulfillment — on the playing field and in life. Whether you are new to Special Olympics or have been involved for years, we are excited you are part of the movement!

To register or re-register as a Special Olympics athlete, please complete the following forms:

- 1. FORM A: ATHLETE REGISTRATION** This form asks for contact and other information.
  - 2. FORM B: ATHLETE RELEASE** This form goes over some important details about Special Olympics participation.
  - 3. FORM C: COMMUNITY REINVESTMENT ACT** This form holds financial institutions accountable to help meet the needs of their communities, including low- and moderate-income communities, through loans, investments and services. One of the ways financial institutions can meet these needs is through donations and volunteerism to agencies that provide services to low- and moderate-income individuals. By providing the information requested, Special Olympics South Dakota can qualify for additional funding sources.
  - 4. FORM N: COMMUNICABLE DISEASE WAIVER AND RELEASE OF LIABILITY, ASSUMPTION OF RISK AND INDEMNIFICATION AGREEMENT**
  - 5. ATHLETE HEALTH HISTORY: To be completed by the athlete or parent/guardian/caregiver and brought to the medical exam. (Has the red banner at the top)** This form is designed to identify health concerns that are more common among people with intellectual disabilities and clear an athlete to participate. Please fill out the Health History section on pages 1 and 2. If you do not understand any parts of the form, you may leave those parts blank to be discussed during the exam.
  - 6. ATHLETE PHYSICAL EXAM: To be completed by a medical professional (Has the blue banner at the top)** The Physical Exam section on page 3 should be filled out and signed by a licensed medical professional (for example, Physician, Registered Nurse Practitioner, or Physician Assistant).

# CONCUSSION AWARENESS AND SAFETY RECOGNITION POLICY

---

## **Objective**

It is Special Olympics' intent to take steps to help ensure the health and safety of all Special Olympics participants. All Special Olympics participants should remember that safety comes first and should take reasonable steps to help minimize the risks for concussion or other serious brain injuries.

## **Defining a Concussion**

A concussion is defined by the Centers for Disease Control as a type of traumatic brain injury caused by a bump, blow, or jolt to the head as well as serial, cumulative hits to the head. Concussions can also occur from a blow to the body that causes the head and brain to move quickly back and forth—causing the brain to bounce around or twist within the skull. Although concussions are usually not life-threatening, their effects can be serious and therefore proper attention must be paid to individuals suspected of sustaining a concussion.

## **Suspected or Confirmed Concussion**

Effective January 1, 2015, a participant who is suspected of sustaining a concussion in a practice, game or competition shall be removed from practice, play or competition at that time. If a qualified medical professional is available on-site to render an evaluation, that person shall have final authority as to whether or not a concussion is suspected. If applicable, the participant's parent or guardian should be made aware that the participant is suspected of sustaining a concussion.

## **Return to Play**

A participant who has been removed from practice, play or competition due to a suspected concussion may not participate in Special Olympics sports activities until either of the following occurs (i) at least seven (7) consecutive days have passed since the participant was removed from play and a currently licensed, qualified medical professional provides written clearance for the participant to return to practice, play and competition or (ii) a currently licensed, qualified medical professional determines that the participant did not suffer a concussion and provides written clearance for the participant to return to practice play immediately. Written clearance in either of the scenarios above shall become a permanent record.

The Centers for Disease Control website [www.cdc.gov/concussion](http://www.cdc.gov/concussion) provides additional resources relative to concussions that may be of interest to participants and their families.
